- Perspective in system assemblies: solution expertise
- Worldwide availability and service: Europe, China, India, USA

FOCUS PRODUCTS

FIBROTOR

- 11 sizes
- Swing diameter up to 3,500 mm
- Transport loads up to 12 tons
- Wide range of standardized accessories
- Modular design for different applications

FIBROMAT

- 4 sizes
- Swing diameter up to 9,500 mm
- Transport loads up to 25 tons
- Modular design for different applications

FIBROTOR VR.NC

- 4 sizes
- Servo gearbox with integrated table bearing
- Mechanical interface to any brand of motor
- Different mounting positions can be realized

FIBRO ROTOMOTION

YOUR APPLICATIONS SPECIALIST

VARIETY OF AVAILABLE OPTIONS

- Rotary feedthrough
- Table top clamping
- Sealing air
- Special motors
- Position detection
- Overtravel protection
- Strengthened bearing
- And much more ...

GREAT COMPETENCE ON ADDITIONAL DIAL PLATES

- Aluminum plates for every application
- Special manufacturing process for high axial runout accuracy
- High indexing accuracy in the rotary indexing table assembly with add on plate

GREAT SOLUTION COMPETENCE

- Large quantity of already implemented solutions
- Technical support during development of the system component

EXAMPLE FROM EXPERIENCE

STORAGE ROTARY TABLE
WITH 3 LEVELS

3 AXIS POSITIONER

CUSTOMIZED
TURNTABLE
